### Code of Ethics

Our organization has adopted a Code of Ethics (which includes the conduct code) serving as a frame of reference that presents values, attitudes and significant behaviors at Camp Mère Clarac.

It must rally all the people who intervene directly or indirectly in the activities of the camp, with the aim of favoring a harmonious climate that respects the rights and responsibilities of everyone.

So that the commitments are clear for Camp Mère Clarac, for the parents and for the camper, we ask that you discuss with your child the various points of the code of ethics and the code of conduct.
